30196*	Curette - Malignant Lesion	\$295	\$125.20

**For a full list of our fees please ask reception staff**

Per procedure (subject to the multiple operation rule - after the first procedure item the cost of the second procedure is reduced by 50% and the third by 25%. Medicare rebates are reduced in the same proportion.

This is not an exhaustion list of our fees, please ask our reception staff if you require any further information.

## Registrar/Consultant Surgery

Some procedures can be undertaken during the initial consultation, whilst others will need to be booked on a separate occasion. This is called a "Registrar/Consultant Surgery".

We will need to take a \$150 deposit for your surgery. You will be required to **pay the entire amount of the procedure on the day minus the deposit amount**. E.g., the amount before any Medicare rebate applies. The medicare rebate will no longer be capped.

Please ask reception if you require a formal quote; this is an estimate only and item numbers and amounts can vary on the day of treatment.

**As a not-for-profit facility, all fees are reinvested into the training and education of health care professionals and the broader Queensland Community. We continue with our commitment to support, sustain and strengthen dermatology in Queensland.**
